

Bronze Plan

- 3 Annual Inspections — Includes truck or trailer (meets requirements for FMCSA annual inspections)
- Review driver vehicle inspection reports and monitor necessary repairs
- Through Data Q assist with removal of unfounded violations (which impact CSA scores)
- Assist with maintaining and updating DOT registration (MCS-150) to ensure compliance
- Monitor CSA score and review FMCSA safety protocols
- Monitor medical cards and drivers' licenses as required by FMCSA
- Assist office staff with set up and maintenance of required records under FMCSA rules/regulations
- Conduct 1 safety talk annually (on-site or at office) for management and driver education
- Provide access during office hours to answer questions on fleet safety and compliance
